

产品特点

- 铝合金型材, 外观精美, 底部滑槽设计, 安装方便简单;
- 优良的除静电性能, 适用范围广;
- 除静电速度快, 距离远, 同时也可除尘;
- 全密封结构, 内部不易损坏, 使用寿命更久;

Product Features

- Aluminum material, beautiful appearance. chute design, easy to install;
- Excellent electrostatic elimination performance, wide application;
- Remove electrostatic at high speed, long distance, and dust can be removed either
- Fully sealed structure avoid damage inside, longer service life;

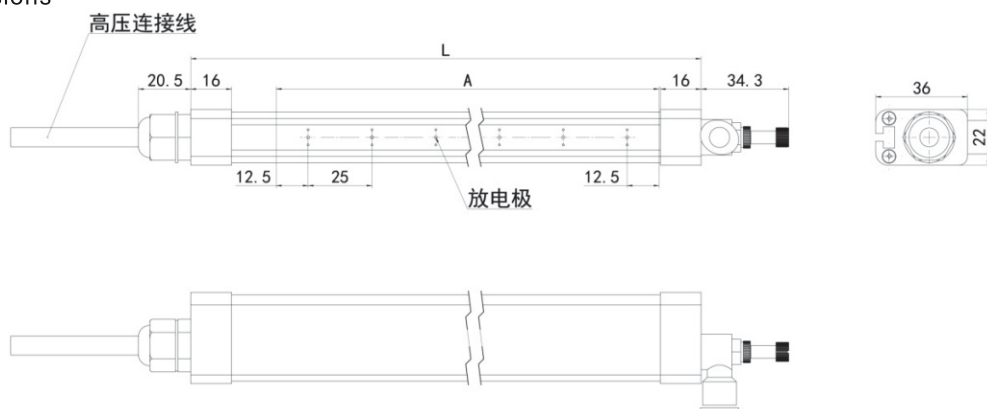

额定规格/性能 Ratings and Specifications

型号Model	SE-EQ600-L □
电源电压 Power supply voltage	220V/50Hz or 110V/60Hz
工作距离 Operating range	30 ~ 600mm
工作温度 Temperature	-10 ~ 60°C
截面尺寸 Sectional dimension	22*36mm
工作湿度 Humidity	≤75%
气源接头 Air source connector	8mm
工作气压 Air pressure	0.5MPa
离子平衡度 Ionic balance	+35
	-38

测试条件：温度26℃；湿度67%；测试电压1KV ~ 100V；测试距离200mm，测试气压0.5MPa。
 Test conditions: Temperature 26 °C; Humidity 67%; Test voltage: 1KV ~ 100V; The test distance is 200mm, and the air pressure is 0.5mpa.
